FAIRTEX

INTEGRATED SERVICES LTD

About Us!

Fairtex Integrated Services Ltd provide world class services in heavy lifting, load-out, heavy transportation, sea fastening, heavy weighing, jacking, skidding, ballasting and mooring. We collaborate with foreign technical partner and OEM to render qualitative services of heavy lifting to the marine and oil & gas sectors of the Nigerian economy.

Fairtex supports offshore lifting activities with experienced offshore personnel, highly dedicated to quality, safety, and environmental preservation. The continuous assessment of offshore operations enables Fairtex to master turnkey offshore lifting, load-out and sail away activities adding value throughout the entire life cycle of the project activities.

Fairtex is capable of providing an integrated team to carry and manage installation vessels, work barges and accommodation vessels for the execution of offshore installation works to clients

Fairtex is certified to

ISO 9001:2015 - Quality Management System

ISO 45001:2018 – Safety Management System

ISO 14001:2015 - Environmental Management System
