FAIRTEX

INTEGRATED SERVICES LTD

About Us!

Fairtex in an effort to fulfill its vision and to further its professional inspection division in Nigeria since 2012, established a full range of inspection division as part of the company's services to the oil & gas, petrochemical, refinery, and other sectors.

Fairtex strives to become a global inspection company by partnering with OEMs with modern equipment & technology for Advanced & Conventional NDT, API Inspection, Lifting Equipment & Gears inspection, Rope Access Inspection and pipeline Inspection services.

We have highly qualified NDT inspectors and engineers for project delivery.

Fairtex is certified to

ISO 9001:2015 - Quality Management System

ISO 45001:2018 – Safety Management System

ISO 14001:2015 - Environmental Management System
